

## Entrepreneurship Workshop

The College of Business Administration at Al Falah University in cooperation with the Deanship of Student Affairs organized a workshop for university students under the title "Building the University's Entrepreneurship Capacities" presented by Ms. Hala Mahjoub, Director of the Center for Training and Entrepreneurship Development.

The students were briefed on some training plans for a number of investment projects in order to provide them with the necessary practical experience and encourage them to implement their small and medium-sized enterprises. Ms. Mahgoub encouraged the students to join the courses offered by the Center in this field at an affordable price.

It is worth mentioning that the Center for Training and Development of Entrepreneurship organizes a series of training courses for young people to help them enter the world of business and small and medium enterprises.
