

## STUDENT AFFAIRS & SERVICES

### STUDENTS AFFAIRS

Students Affairs at AFU was established to manage the activities and services that the University provides to its students. The goal of Students Affairs is to support AFU's mission. It also aims to offer programs and services through a wonderful atmosphere that improves students' life and enriches their experience at AFU by working with faculty, staff, students and the community partners. Students Affairs' services are structured to create and shape the AFU campus community where individuals care, understand and are connected to one another.

### MISSION

Providing a desirable university environment that attracts students and helps them achieve their academic goals and fulfill their career aspirations through extra-curricular activities that refine their talents and encourage them to interact positively with society and develop a spirit of good citizenship.
