

Minimum and Maximum Study Periods

- The minimum allowed study period for undergraduate students to complete the graduation requirements of a program leading to a bachelor's degree is (6) regular semesters; the maximum allowed period for a student to remain registered in an undergraduate program is fourteen (14) regular semesters not including the summer semesters.
- Transferred credits shall be considered in proportion to the total program credit hours as per the Admission Policy. The minimum and maximum study periods for students who have transferred credits, will be calculated on a pro rata basis with respect to the percentage of credits transferred towards the program. The following table provides examples of pro rata study periods:

Degree	Study Period	Pro Rata Study Period Based on Percentage of Transferred Credits					
		0%	10%	20%	30%	40%	50%
Bachelor's Degree	Minimum	6	6	5	5	4	3
	Maximum	14	13	12	10	9	7
